

Thanksgiving  
Traffic Toll 483

By THE ASSOCIATED PRESS  
With the extended Thanksgiving weekend almost at a close, nationwide traffic deaths were running at about the same rate as during an average four-day period.  
By late Sunday evening, highway accidents accounted for 483 deaths.  
Counting of fatalities by The Associated Press began at 6 p.m. Wednesday and ended midnight Sunday.  
Thirty persons were killed in traffic accidents in Pennsylvania over the 102-hour Thanksgiving holiday weekend, surpassing the toll of 20 over the same period last year.

1,000 Americans  
Leaving Saigon

SAIGON, Viet Nam (AP) — More than 1,000 U. S. servicemen stationed in South Viet Nam will start leaving for home Tuesday, Gen. Paul D. Harkins said on a radio program Sunday.  
Harkins, commander of U. S. forces in South Viet Nam, said the first group of 300 troops will leave that city; the remainder two or three weeks later.  
The United States has close to 17,000 military advisors and men in this country to help the government battle Communist guerrillas.

60 Vietnamese  
Slaughtered

SAIGON, South Viet Nam (AP) — Sixty South Vietnamese civil guards, with their wives and children, battled a human wave Communist attack early Sunday until every man in the post was dead or wounded.  
Inside the bloodstained earthworks, 42 civil guards died and 15 were wounded. Three are missing. About 20 women and children also perished, and many more were wounded.

Erhard Objects  
To Troop Cut

WASHINGTON (AP) — Chancellor Ludwig Erhard of Germany said Sunday he would have the "greatest objections" to American troop withdrawals from Europe.  
"The presence of American troops is a strong comfort and reassurance for the German people. For the German people the American forces are a security and a safeguard in itself," the new German head of government said on NBC's "Meet the Press," a network radio-television interview.

Firemen Demand  
25% Pay Boost

CLEVELAND (AP) — The Brotherhood of Locomotive Firemen and Enginemen served demands Sunday on the nation's railroads for a 25 per cent wage increase, supplemental pensions and company-paid health coverage.  
The Brotherhood is the key union involved in the long work-rules dispute between operating railroad unions and the railroads. An arbitration board issued recommendations last Tuesday that could involve the elimination of up to 33,000 firemen's jobs.

Phil Baker,  
TV Star, Dead

COPENHAGEN (AP) — Phil Baker, an entertainer whose career spanned the bright lights from Broadway to television, died Saturday in his Copenhagen home. He was 67.  
A leading figure of the 1920s and 1930s as an entertainer, Baker later became known as the man who started radio's \$64 Question, a quiz program that eventually led to television's \$64,000 Question.  
He also starred in the movie "Ziegfeld Follies." For many years he performed with comedian Jack Benny.

Reds Kill GI

SAIGON, Monday (AP) — Communist guerrillas Sunday killed an American special forces soldier and wounded another from ambush in Southern An Giang Province.  
Nine Vietnamese strike force members were wounded in the ambush, which was touched off when a truck carrying both Americans ran over an electrically-detonated mine.

Jackie Returns

WASHINGTON (AP) — Mrs. Jacqueline Kennedy and her two children returned to Washington Sunday night from their Thanksgiving weekend reunion with the Kennedy family at Hyannis Port, Mass.

READY FOR CHRISTMAS — Brenda Eariana Bess, 16-year-old president of Senior Girl Scout Troop 314, appears to be all ready for Christmas with her arms loaded with packages. The daughter of Mr. and Mrs. Howard Bess, of 78 S. Kistler St., East Stroudsburg, Miss Bess is a varsity cheerleader, Girl Council representative and member of the glee club at East Stroudsburg Area Joint High School, secretary of the Monroe County Chapter of NAACP's Youth Council, and a representative on the planning board of the Scranton-Pocono Girl Scout Council. She plans a career as a medical secretary. (Staff Photo by MacLeod)

Mother Defends Oswald

FORT WORTH, Tex. (AP) — Mrs. Marguerite Oswald, mother of accused assassin Lee Harvey Oswald, maintained in an interview Sunday a belief that her son did not kill President Kennedy.  
She also expressed a belief that her son was not an atheist, and cited a time when he sought to have his child baptized.  
During the interview, Mrs. Oswald said the story of her life is one "that is filled with trial and tribulation."  
Mrs. Oswald said Lee attempted to arrange for the baptism of his daughter, June. She said he refused to go through with it when he learned he would be expected to contribute financially for the service.  
She said he did not at the time have money enough to buy ample food and clothing.  
Mrs. Oswald said she had received some 400 letters from over the United States and from foreign countries offering sympathy and material help since the assassination.  
In the interview with The Fort Worth Star-Telegram, Mrs. Oswald said Lee was born in New Orleans Oct. 18, 1939. His father had died of a heart attack two months earlier.  
She said she had received some \$3,500 from her husband's insurance and sold the equity in her home to increase her resources.  
Mrs. Oswald said she was forced to work and, when World War II began, it was impossible to find help to tend the children.  
The two older sons, she said, were placed in a Lutheran home for children and received "wonderful religious education."  
Lee was too young for admission, Mrs. Oswald said. He later was admitted when he was 3 and remained until he was about 5.  
Mrs. Oswald said she had left the two older children in the school after her remarriage and taken Lee with her when she moved to Fort Worth.  
The new marriage lasted only a few months, she said, and she continued to support her family in Fort Worth until Lee was 11.  
She said she then moved to New York to be with her second oldest son, Robert, who was married and in the service. She said she had enrolled Lee in a Lutheran school there and later registered him in a public school in the Bronx.

Reds Accuse Right Wing

MOSCOW (AP) — Soviet correspondents are painting the United States as in such turmoil that many people hardly dare leave their homes because of threats of those trying to cover up the assassin of President John F. Kennedy.  
"The Dallas ultras feel so confident," reported Boris Strel'nikov in a dispatch from New York to Pravda, "that even the mayor of that city—Dallas—does not dare leave his home to go into the street. Some strangers threatened to kill him because he dared to be present at Kennedy's funeral."  
He added that witnesses called by the FBI in Dallas dare not testify for fear of reprisals from the "ultras."  
Defended Oswald  
A slow swing in the nature of the reporting from the United States has turned against Lee Harvey Oswald. In the beginning the accused assassin of President Kennedy was defended in dispatches in every paper in Moscow. Now the Soviet press is seizing on Western reports that Oswald really was anti-Soviet and under the influence of right-wing extremists.  
Sunday, Pravda published a report by Harry Freedman, American reporter for Tass in New York, citing a report of a Fort Worth stenographer who told a correspondent that she had typed some notes of a book Oswald sought to write. She said it was critical of the Soviet Union.  
Clearly something akin to a worldwide effort is being made to bring in available reports aimed at showing that Communists had nothing to do with the Nov. 22 assassination and that rights were to blame.  
Goldwater Blamed  
Two small newspapers in New Delhi were quoted. A writer in the Patriot is quoted by Tass, the Soviet official news agency, as saying, "The followers of Sen. Barry Goldwater, (R-Ariz.) members of the John Birch Society, of conservative groupings in the South, the Ku Klux Klan, and other American Fascist-like organizations are the forces directly responsible for the president's assassination."  
Two Standards  
"We are split morally. We have one standard behavior which we teach our children and by which we urge them to live their individual lives. Yet we somehow feel that our great and powerful groups—corporations, labor unions, professions, even the churches—are not required to live by the same precepts."  
In a reference to the assassination of President John F. Kennedy in Dallas, Miller commented:  
"And now in this last shocking week, like birds of ill-omen, all our fears, our unharnessed hates, our selfishness which we have tried to rename 'Liberty,' they have all come home in one dreadful act, and have forced us to our knees in shame."

President Orders  
Defense Economies

WASHINGTON (AP) — President Johnson Sunday asked all major defense contractors to see what they can do to cut the cost of their work for the government.  
The President urged the contractors to establish "an affirmative program of cost reduction in the performance of defense contracts."  
The White House made public the text of a Johnson letter and said it was going to the defense contractors who hold about 90 per cent in dollar value of all defense contracts.  
Johnson noted that in his address to a joint session of Congress Wednesday he had pledged his administration to the utmost of thrift and frugality and promised to get a dollar's value for every dollar spent.  
He said in the letter that he had directed the heads of all government agencies to accelerate immediately their efforts to operate their programs at the lowest possible cost.  
He added: "The secretary of defense has already established a cost-reduction program aimed at achieving annual savings of \$4 billion, through efforts now in process or plans by fiscal year 1967, and he has further committed his department to realizing \$1.5 billion of these savings in the current fiscal year. More than 55 cents out of every defense dollar is spent by its contractors. It is for this reason that I am calling on you and personally to assist me and the secretary in achieving further significant reductions in defense expenditures."  
Cost Reduction  
"It is my desire that you establish an affirmative program of cost reduction in the performance of defense contracts, both those which you now hold and those which you may subsequently receive. If you already have such program in being, then I call on you to accelerate, expand and intensify this effort."

Somali  
Tension  
Grows

MOGADISHU, Somali Republic (AP) — The threat of new African war looms over the horn of Africa as tension grows along the Somali Republic's border with Kenya and Ethiopia.  
Thousands of restive Somali tribesmen are on the warpath, raiding Ethiopian and Kenyan police and army posts, and demanding annexation to Somalia. The Somali government says the raiders have been spurred to action because of "arrests, killings, atrocities and torture." The government denies aiding the rebels but warns it may not be able to remain inactive for long.  
In the Somali capital, the dream of a "great Somalia," to include areas inhabited by Somalis and now attached to Kenya and Ethiopia—is the cornerstone of the government's policy. It has been written into the national constitution.  
Last month, the Soviet Union pledged \$31 million to help Somalia build a modern army, bolstering the 4,000 men the country now has under arms.  
To Ethiopia and Kenya this was an ominous sign. In Nairobi Kenyan newspapers report daily raids by Somali units of the Kenya African Rifles have been dispatched to the northern frontier district inhabited by Somalis.  
"Bring me a Somali raider, dead or alive," ordered Prime Minister Jomo Kenyatta of Kenya.  
In Ethiopia, Emperor Haile Selassie reported increasing raids by Somalis and warned: "Our patience is not limitless."

Deer Hunting Season Opens;  
Some Schools, Plants Close

STROUDSBURG — Deer hunters take to the woods today — the first day of deer season — as evidenced by the closing of two of the county's four high schools and two major industries.  
Suspending classes for the day are Pleasant Valley and Pocono Mountain Area Joint High Schools, Stroud Union, East Stroudsburg Area Joint High School and Pocono Catholic Missions School in Cresco will hold classes as usual.  
International Boiler Works in East Stroudsburg gives its employees one of their two-weeks annual vacation period during the week that starts with the opening of deer season.  
At Lane Material in East Stroudsburg, the plant shuts down for inventory during a period following Thanksgiving. Only people needed to take inventory are required to work today, according to Gilbert Smrz, general manager.  
Fears Absenteeism  
The fact that more than 10,000 eager hunters will flock to Monroe County woodlands in quest of antlered deer has caused some industrial leaders to voice concern over unauthorized absenteeism.  
Gerald Brodsky, Ronson Corp. general manager, said, "We do not condone absenteeism for any reason. This is the time of year when our production is at its peak and when employees take off, for any reason including hunting, production in the plant is hurt."

Cleric Sees  
Split Society  
In America

PHILADELPHIA (AP) — The president of the National Council of Churches said Sunday night "the single most dangerous characteristic of our present society seems to me to be that we are, in our fright, becoming a split people."  
Addressing the opening of the week-long triennial general assembly of the council, President J. Irwin Miller said:  
"We are split racially, and his summer just past has taught us the perils of this condition. We are split economically. The hostilities of labor and management still threaten to paralyze the nation."  
"Extremists attack not alone the ideas but the persons and characters of those holding different opinions about the policies we should pursue."  
"Great professions pursue their own interests and require increasing public control, losing thereby an increasing portion of freedom for themselves, and indirectly for everyone. Unjustified poverty persists without determination to eradicate it."

Strangler Kills  
Young Actress

HOLLYWOOD (AP) — A stranger killed actress Karyn Kucpincin, 23, beautiful, brunette daughter of Chicago newspaper columnist, Irv Kupcinet, a surgeon reported after an autopsy Sunday.  
Her nude body was found by friends Saturday night on a living-room couch in her second-floor apartment.  
"Whoever did it got a three-day start on us," L. L. George Walsh, sheriff's homicide officer in charge of the investigation, said after the autopsy. He referred to the estimated time she had been dead when found.  
The autopsy was performed at 6 a.m. by Dr. Harold Kade, assistant chief Los Angeles County autopsy surgeon.  
He reported death was caused by "asphyxiation due to manual strangulation, which fractured the hyoid bone in the throat."  
The hyoid is a U-shaped, horizontal bone at the base of the tongue.  
The killer could have used either one or both of his hands, Dr. Kade said.  
He said there was no immediate evidence of sexual assault but that further microscopic tests would be made.  
So far there are no clues and no suspects, Walsh said.

Castroite Sniper  
Hits U.S. Newsmen

CARACAS, Venezuela (AP) — A massive outpouring of voters dealt a smashing defeat Sunday to a concerted pro-Communist campaign to block Venezuela's presidential election with violence and terror.  
The Castroite underground, undeterred by the demonstration at the polls, filled the streets of Caracas with sniper fire late in the day, wounding an American news photographer.  
Earlier, an armed forces intelligence agent was killed by a sniper.  
UPI Photographer  
Carl Warner of Miami, Fla., a cameraman for United Press International, was wounded in an attack on the news agency's offices on the ninth floor of a downtown building.  
There were conflicting reports on his condition. He was said to be gravely hurt at a Red Cross clinic where he was taken for surgery. But two newsmen said they did not believe Warner's wound was serious. They said he had been hit near the right collar bone by what seemed to be a small-caliber bullet.  
Witnesses said terrorists had shouted, "Death to Americans!" as they opened fire on the UPI offices.  
In first scattered returns, retiring President Romulo Betancourt's expected successor took the lead in the crucial election.  
But the returns were still too fragmentary to indicate a national trend.  
Sniper Battle  
Snipers with tommyguns, rifles and pistols riddled Avenida Urdaneta in central Caracas in violent answer to the turnout of voters they had vowed to prevent.  
Streets outside the offices of The Associated Press were filled with small arms fire as national guard troops crouched in doors and exchanged fire with snipers posted in windows and rooftops.  
Similar gunbattles raged elsewhere in the city after the end

Congress Wants  
To Go Home

WASHINGTON (AP) — Congress enters the 12th month of its current session Monday under conflicting pressures to go home quickly and to get as much as possible done before the year-end recess.  
Aides to President Johnson are urging a quickening pace between now and the Christmas-New Year holiday tentatively slated to start Dec. 20.  
Johnson has placed civil rights legislation and the tax-cut bill at the top of his legislative priority list — as the late President Kennedy did.  
From a practical standpoint, administration leaders recognize it is all but impossible to complete passage of either in 1963. But they want the legislators to stick around long enough to prepare the way for quick action in 1964.  
But some of the 535 Senate and House members talk of winding up the first session of the 88th Congress as soon as possible — perhaps in 10 days — and getting home.  
Reflecting the views of the legislators, the veteran Sen. Allen J. Ellender, D-La., suggested a prompt clean-up of laggard annual appropriations and adjournment "to allow the new President to get his house in order and prepare his future plan."

Johnson To See  
3 Allied Leaders

WASHINGTON (AP) — The White House announced Sunday that the leaders of West Germany, Italy and Great Britain will make separate visits to the United States during the next three months to confer with President Johnson.  
Andrew T. Hatcher, acting White House press secretary, announced the following schedule of visits, which, it was understood, Johnson arranged to emphasize his personal support of the Atlantic Alliance.  
—Chancellor Ludwig Erhard of West Germany will have a "working visit" with Johnson at the President's ranch near Johnson City, Texas on Dec. 27-28.  
—President Antonio Segni of Italy will make a state visit to Washington on Jan. 14-15.  
—Prime Minister Alec Douglas-Home of Britain will come to Washington Feb. 12-13 for a working visit.  
After conferring briefly here last week with President Charles de Gaulle of France, Johnson told newsmen the French leader would be returning early next year for detailed discussions of relations between France and the United States — relations which have been somewhat strained in recent months by De Gaulle's go-it-alone policies on nuclear arms and other matters.  
On the following day, however, White House Press secretary Pierre Salinger told newsmen that while it is Johnson's "hope and expectation" that De Gaulle will come back there have been no firm commitments or arrangements made as yet.  
Sunday's announcement made no mention of De Gaulle and when questioned about the possible visit Hatcher said the matter is under discussion through normal diplomatic channels.

Assassination  
Cost Networks  
\$28 Million  
WASHINGTON (AP) — The intense coverage by television and radio of the events surrounding President John F. Kennedy's assassination cost the broadcasting networks about \$28.7 million, an industry source estimated Sunday.  
The magazine Broadcasting gave this breakdown on lost revenue and added costs for the television and radio networks during the four-day, no-commercials period:  
Pre-emption of television network programming and spot and local commercials — \$18.8 million.  
Pre-emption of radio network programming and radio spot and local commercials — \$6.8 million.  
Expenditures by the television and radio networks in providing coverage — \$3.1 million.  
The magazine noted that these figures do not take into account \$3.3 million in commissions lost by advertising agencies and sales representatives and an undetermined amount of added coverage expense incurred by individual stations and station groups.

## State News Roundup

### 45,000 Deer Kill Predicted

HARRISBURG (AP) — Pennsylvania's two-week antlered deer season opens at 7 a.m. Monday with the State Game Commission expecting almost one-half million hunters to turn out.

Executive Director M. J. Golden estimated that the kill this year will number about 45,000 as compared with the 42,260 shot in 1962.

The commission said there are approximately one-half million deer to be hunted this year.

"Every indication points to a successful buck season," Golden said. "Highway kills, crop damage complaints and deer population estimates by our biologists and field officers are all running well ahead of last year."

Golden also announced that a pre-season survey made last month by district game protectors indicated a better than average season is in store for hunters.

Of the 131 reporting officers, 112 classified prospects good to excellent. Only 19 officers forecast fair to poor hunting in their areas, all of these in the secondary deer range.

The season on antlered deer runs through Dec. 14. Daily shooting hours are 7 a.m. to 5 p.m., except Sundays.

### Folcroft Negro 'Terror Victim'

PHILADELPHIA — Horace Baker, a Negro who moved into the previously all-white Delmar Village section of nearby Folcroft three months ago, has been admitted at the Haverford State Hospital, a mental institution.

Spokesmen for civil rights groups attributed his illness to a "continuing conspiracy of harassment and terrorism that has plagued" Mr. Baker and his wife, Sara. The Bakers were greeted by jeers and thrown stones when they arrived in the Delaware County community of 1,500 row houses on Aug. 30.

Dr. Jack E. Kremens, superintendent of the state institution, refused to comment on the condition of the 26-year-old laboratory technician. He said that Mr. Baker has been admitted for a 21-day period that might be extended if further treatment were deemed necessary.

Stanley Branche, chairman of the Chester Committee for Freedom Now, charged that the Bakers, who have a 3-year-old daughter, had been harassed by the police and their white neighbors.

Demonstrators vandalized their home, causing more than \$2,000 damage, before 150 state policemen restored order when the couple moved in over the Labor Day week-end.

On Oct. 27, he said, Mr. Baker was cleaning his car of red paint, splattered on it by vandals, when the Folcroft police gave him a traffic ticket for parking too far from the curb.

On Nov. 16 he received a summons for violating a borough ordinance by calling in a Philadelphia plumber after local plumbers refused to repair a water heater damaged in the rioting Aug. 30.

Spencer Cox, executive director of the Philadelphia Branch of the American Civil Liberties Union, said the latter charge "appeared to be merely one of a series of conspiratorial harassing acts against the Bakers."

Basutoland has one mile of railway, 560 miles of gravel roads, two airfields and some 1,600 miles of government-maintained paths that link scattered villages.

### Supreme Court Cuts Case Load

PHILADELPHIA (AP) — The Pennsylvania Supreme Court no longer will hear cases of little significance, Chief Justice John C. Bell said Saturday.

"From now on," Bell said, discretion as to what cases it shall hear."

The action, expected to cut the high court's annual case load by 15 to 20 per cent, is aimed primarily at appeals on rulings by zoning boards governing establishments such as neighboring beauty shops.

Bell explained that under the new procedure, when such an appeal is received, it simply will be allowed to be dismissed without comment. That is the course followed in the U. S. Supreme Court.

### Pa. Turnpike Deaths Reduced

HARRISBURG (AP) — Eighteen less persons were killed on the Pennsylvania Turnpike in the first 10 months of 1963 than the same period last year.

Joseph J. Lawler, chairman of the Turnpike Commission, said Friday traffic deaths in the two periods fell from 70 to 52.

He credited the decline on additional construction of new steel medians, improved driving and alert state police patrols.

State police said investigations show that 50 per cent of all turnpike fatalities result from excessive speed, particularly on curves.

Recreation Aid Spurs Ohiopyle

OHIO, Pa. (AP) — A \$1.4 million renewal program intended to help turn the Ohiopyle section of Fayette County into a vast recreation area was announced Friday.

The new plan includes construction of a sewage disposal plant and a water distribution system, a 32-unit motel and restaurant and relocation of a highway.

The project is part of the Ohiopyle State Park which is included in the state's Project 70 program.

In making the announcement Friday, Dr. Maurice K. Goddard, secretary of the Forests and Waters Department, said "all of this is prelude to the certain economic rejuvenation of the great area of Fayette County, based upon the new park which the state will create here."

The project will be largely financed by the state with possible assistance from the federal government and private sources.

## GOP Rebels Stop Reapportionment

HARRISBURG (AP) — Senate Republicans may be forced to revise their controversial reapportionment bill this week in the face of stubborn intra-party opposition.

Majority Leader James S. Berger, R-Potter, said Sunday there is no sign of three GOP holdouts giving in.

"If they don't come around soon, that's all we can do, put the bill back in committee for revisions," Berger added.

Court Ruling

At the same time, Minority Leader Charles R. Weiner, D-Phila., urged postponement of legislative reapportionment until the federal courts lay the ground rules.

"I think it would not be amiss to await the decision of the courts before acting on the legislation," Weiner said. "A decision by a court would amount to a declaratory judgement."

Weiner called the bills "unfair and inequitable."

The Republicans hold a 27-23 edge in the Senate, but need 26 votes to pass their bill. Democrats have lined up solidly against it.

The Senate convenes Monday at 3 p.m., after a week off in respect for the memory of the late President John F. Kennedy. The House will be idle until 11 a.m. Wednesday.

The legislature has been in special session on the reapportionment issue since Nov. 12, but the Senate bill seems to have hit more snags than the House plan.

Democrats have been press-

ing for the Senate to recommit the bill and hold public hearings. A Democratic resolution, introduced Nov. 20, calling for the bill to be recommitted is still before the chamber.

The three Republican holdouts are Sens. Thomas A. Ehrig, R-Lebanon; Richard C. Frame, R-Venango; and Harold E. Flack, R-Luzerne.

The General Assembly hopes to complete reapportionment by the end of this week, but knowledgeable observers believe the problem will continue to haunt the legislature for years.

Even now the bills are being challenged in a U.S. District Court. A panel of three federal judges will hold a hearing in Philadelphia Wednesday to rule on a motion to prevent action on what five petitioners have called unfair and inequitable bills.

Court action also has been threatened by Democratic lawmakers and the Pennsylvania AFL-CIO if the bills are passed in their present form.

Constitution Group Urged

HARRISBURG (AP) — A group of top state officials recommended to Gov. Scranton Wednesday that a statewide citizens committee be named to seek constitutional revision by amendment.

"There was unanimity of opinion among all of us that we should take advantage of the general feeling of the citizenry for the need for constitutional revision," said Lt. Gov. Raymond P. Shafer.

## Former Bushkill Man Kills Family, Himself

ROSSELLE, N. J. (AP) — A family of four was found dead in its home Saturday night along with a note from the father which said, "I love my little family. Now will (sic) always be together."

The note was signed by Donald Stafford, 42, a devote family man who enjoyed helping his son, Wayne, 9, with his cub scout activities.

Bushkill Man

Police said Stafford formerly of Bushkill, who once had psychiatric care, apparently wiped out his family and then shot himself.

Stafford's body, a bullet wound in the head, was in a bed with the body of his wife, Iona, 41, who was asphyxiated. In separate beds in another room were Wayne and Donna, 6, each with a bullet wound in the temple.

A worried neighbor who had not seen the family since Thanksgiving Day looked in their house and made the discovery.

Psychiatric Case

Stafford had been under psy-

chiatric care 10 years ago, just before the family moved here. Deputy Police Chief Charles Radecki said.

He was a devoted and loving father, according to his father-in-law, John S. Brodhead, of Madison, but had shown signs of strain in the past month.

About two weeks ago, said Brodhead, who is 67 and blind, Stafford grabbed him by the lapel, accused him of talking about him, and struck him on the arm and shoulder. Then Stafford removed his 22-caliber rifle and shotgun from Brodhead's apartment.

Stafford and his children died from 22-caliber bullet wounds, Radecki said.

Shot In Sleep

Police theorized that Stafford shot the children as they slept and then turned the gun on himself.

Radecki said Mrs. Stafford apparently was suffocated with the pillow on her bed.

Mrs. Stafford died first, sometime Thursday night, an autopsy showed. Stafford and the children died early Friday morning.

Robert Starling, was the neighbor who made the gruesome discovery nearly 48 hours after Mrs. Stafford's death.

Auto Mechanic

Stafford, an auto mechanic who worked for an Elizabeth dealer, left a second note, to his brother-in-law, Haines Brodhead, who lives with the elder Brodhead in Madison. It said he was leaving everything to Haines and that he should take care of things.

Stafford and his wife, a graduate of Madison High School in Madison, had been married 13 years.

Her father said private funeral services for all four will be held Tuesday in Madison. Burial will be in Delaware Cemetery at Dingmans Ferry, Pa.

## Clark Backs Johnson

PHILADELPHIA (AP)—Sen. Joseph S. Clark, D-Pa., says he thinks President Johnson will be more aggressive in dealing with Congress than was the late President Kennedy.

"And he (Johnson) might be more successful," Clark said in an interview from his home yesterday. "Lyndon knows people in congress. He's that kind of guy."

Clark had often been at odds with Johnson when Johnson was Senate Majority Leader. The Democratic senator, one of the most ardent admirers and supporters of Kennedy, said he sent Johnson a telegram promising cooperation and support.

Another Pennsylvania Democrat, Otis Morse, the state chairman, said he thinks "the party would unite behind Johnson" if he seeks election to a full term next year.

"The Democratic party always was fond of Johnson and admired him greatly," said Morse. "I think perhaps he is the most skilled legislative leader in the nation and will transfer the legislative reins over to the executive branch."

The Democratic leaders will meet Tuesday night in Washington, Morse said.

## **Civil Defense Warning System Test Set Tonight**

STROUDSBURG — Monroe County Civil Defense "Public Warning Test" will be held today with the first signal being sounded at 7 p.m., Marvin Abel, CD director, said last night.

He continued, "The primary purpose of the test is to check the overall effectiveness of all county warning devices which include fire sirens, church bells and industrial plants' sounding devices."

"It will also provide further opportunity for public warning education and stimulate public interest in the county CD program," he added.

Abel concluded, "The test will also provide a public survey to determine better coverage and identification between fire and air raid warnings by including church bells and other sounding devices that would actually be sounded in the event of an actual air raid or explosion."

## **E-L Announces Schedule Changes Effective Dec. 4**

HOBOKEN, N.J. — Changes in the schedules of six west-bound daily passenger trains and four eastbound daily passenger trains — including that of the railroad's famed streamliner, "Phoebe Snow" — will be effective Wednesday, December 4, the railroad said today. In most cases the schedule changes reflect a speeding up of the service, the railroad pointed out.

In the suburban area schedule changes also are being made in five daily westbound trains and two Saturday, Sunday and holiday trains.

Train No. 1-31, "The Phoebe Snow," will leave Hoboken at 10:10 a.m., ten minutes later than presently, with no change

in arrival time at Chicago. Train No. 43, "The Twilight," will leave Hoboken at 4:50 p.m., five minutes later than presently with arrival at Scranton and Binghamton 15 minutes earlier. Train No. 5, "The Lake Cities," will leave Hoboken at 7:30 p.m., 30 minutes later than presently, arriving Scranton, Binghamton and Chicago 30 minutes later.

Eastbound the major changes include Train No. 2-32, "The Phoebe Snow," which will leave Chicago one hour and 20 minutes earlier and Buffalo one hour and 35 minutes earlier, with arrival at Hoboken at 6:40 p.m., one hour and 20 minutes earlier.

In the suburban territory changes in daily schedules include Train No. 601 which will leave Hoboken at 12:20 a.m., 10 minutes earlier; No. 611 to leave Hoboken at 9:55 a.m., five minutes earlier; No. 647 to leave Hoboken at 7:15 p.m., five minutes earlier, and No. 439 to leave Summit at 7:53 p.m., seven minutes earlier. No. 647 connects with No. 439. In addition, Train No. 903 will leave Hoboken at 12:20 a.m., 10 minutes earlier, and No. 915 will leave Hoboken at 10:15 a.m., 13 minutes later. Both trains operate Saturdays, Sundays and Holidays.

## **Post Office Will Play Santa Claus**

STROUDSBURG — The Post Office Department has adopted a new method this Christmas season to handle letters addressed to Santa Claus whose correct address is "North Pole, 99701". All such letters which bear a return address will receive a reply directly from Santa.

Postmasters have received a supply of 5x7 cards appropriately decorated with a drawing of Santa Claus and Mr. ZIP, his new helper, and will bear a printed cancellation showing "North Pole" as the office of mailing.

All Santa Claus letters addressed to "North Pole, 99701" will be withdrawn from the mails at the office of origin where Santa reply cards will be addressed and delivered to the children.

## GOP Opportunity

The political pundits say that the Republican Party is back in the race now. It is widely believed that if President Kennedy had lived he would have run for a second term and would have won it more easily than he won his first term.

It is also clear that President Johnson will not automatically inherit the personal popularity of John F. Kennedy, will not have the advantage of four full years of press conference public relations and all the publicity that goes with living in the White House, and will not be a certain victor in the November, 1964, presidential election.

The new political situation obviously raises Republican opportunities for success in the presidential and congressional elections of 1964.

It makes the Republican presidential nomination look more attractive and less like a political exercise or dead end.

And in Pennsylvania for instance, Republican U. S. Senator Hugh Scott, if he runs again, is expected to have a better chance against any opponent running with Johnson than he would have had against any opponent running with Kennedy on the Democratic ticket.

Already the political pundits are saying that the new situation means the end of the Goldwater for President drive.

We are not so optimistic. While we think Goldwater would be bad for the Republican Party and bad for the nation, we believe he still commands wide political backing. The Re-

publican party politicians across the country who supported him before Kennedy's assassination are not likely to disappear now that Republican chances for victory are suddenly brighter.

But a post-assassination political poll showed that President Johnson could beat Richard Nixon, Goldwater and Nelson Rockefeller.

And a survey of Southern Goldwater backers showed that a majority thought he was dead as a candidate in 1964. They argued that Goldwater had as much support from anti-Kennedy forces as he did from anti-integration voters and that the absence of Kennedy as a Goldwater target reduced his firing power.

Richard Nixon, who barely lost to Kennedy in 1960, is now discussed more seriously as a 1964 GOP candidate. Rockefeller is still considered a formally-declared dark horse who may improve his chances by a series of primary battles.

The prospects of Pennsylvania Gov. William Scranton are brighter too, if he is interested in the big race. He has made some stock denials of interest but it is hard to believe that he would turn down a serious effort to get him on the 1964 ticket either as presidential or vice presidential candidate.

After the one-month political moratorium honorably declared by Republican national party leaders and our own Senator Scott is over, we can expect to see a much more lively scramble for the Republican presidential nomination.

## The Deer Season Opens Today

The deer hunting season opens today for two weeks and thousands of deer hunters are now in the woods of Pennsylvania.

John Doebling, Monroe County game protector, estimates that this county's woods will be invaded by about 10,000 hunters—an average number for this county.

The State Game Commission estimates that about 500,000 hunters will be stalking approximately the same number of buck deer in Pennsylvania forests and fields.

Considering that the normal population of Monroe County was about 40,000 in the 1960 census, it is a somewhat frightening fact that 10,000 hunters will be carrying loaded rifles in this county tomorrow.

As usual, the private property rights of many citizens will be trampled under foot by some hunters who either tear down "no trespass or hunting" posters or ignore them.

A story on Page 7 describes the difficulty faced by a property owner who wants to protect himself, his house and his land from those hunters who do not respect "no trespass" posters.

As the Pennsylvania law is written, a

property owner must either drive unwanted hunters off his land by himself or go through the difficult process of swearing out a complaint against a hunter he may not be able to identify. Catching the invader is even more difficult.

If the property owner is lucky enough to identify the intruder and have him arrested, the fine for such trespassing is only \$10. That fine is too small to deter a hunter bent on trespassing, too small to protect the property owner.

It is unfair to accuse all 10,000 hunters of trespassing. That is not the problem. It is the minority who break the law and ignore posted warnings.

But with 10,000 hunters, many from outside Monroe County, covering the 618 square miles of the county, the problem is not small.

Until stricter laws against trespassers are passed, and until the fine for entering posted land is made more realistic, there is only one old fashioned safety maxim to follow—wear bright clothing if you must be out of doors but stay under cover if you can.

Above all, keep children out of the woods today.

## Comment Of The Day

The 23-year-old wife of Supreme Court Justice William O. Douglas said in a Washington Post interview that her husband will stay in his job despite the fact that he reached 65 a month ago.

"Some people wondered how my hus-

band would keep up with me," she said, "but I'm taking vitamin pills to keep up with his pace."

## Major Tasks Ahead

By Walter Lippmann

In the solemn pause while the President lay dead, there reigned over the troubled world an unearthly calm. No one can suppose it will last. But when inevitably it ends, we should make sure to remember it. For it expressed a profound and saving truth.

It is that our daily preoccupations are not supremely important. It is that the issues which divide the nation, which divide the world, are not the ultimate concern of mankind.

In the presence of a young man's death and of his brilliant promise cut short by the terrible evil in mankind, the better nature of man was for a time in command. When we next work ourselves up into a tantrum about something or other, let us remember how small it is in the perspective of the first and last things of human experience.

Remembering this, let us

begin to look at the unfinished business of the state, but to look at it unburiedly, not anxiously, without a compulsion to start talking and acting for no better reason than

the itch to do something about something. There is no present crisis in world affairs, no fire which the President must rush to extinguish.

The gathering in Washington of the dignitaries from all the nations was not only an act of homage to President Kennedy. It was also a demonstration to this nation that there is a foundation of good feeling on which it can proceed.

President De Gaulle came here, I think, to say that the problem of readjusting the Western Alliance to the revival of Europe is a matter between civilized men, not tragic or insoluble. Mr. Khrushchev sent his closest associate, Mr. Mikoyan, to say, I think, that he clings to and cherishes the historic advance made under President Kennedy, which has been to defuse the cold war.

It is really unnecessary for

President Johnson to reaffirm the American commitments, since he has taken part in making them. There is no need for him to promise with pedantic detail that nothing will change. For in fact the world is changing. There will

come before him the unfinished business of readjusting the policy of the United States to the changing balance of power between the old world and the new.

The old world consists of the two Europes and the Soviet Union and, unavoidably, China; it has changed radically since World War II, and it is changing rapidly now. The President should, above all things, not let himself be rushed into foreclosing the future. It is vain to suppose that the United States policy in 1964 and after can be or will be a carbon copy of what it has been during the postwar era.

The most pressing unfinished business is here at home. We have the gigantic work of adjusting our way of life to the scientific revolution of this age, to the stupendous growth of the population and to the conglomeration of great masses of our people in the cities. These are the problems of all the modern nations, and they are not insoluble.

Off The Record:  
—By BOB CLARK

## Tommy Richardson

What kind of a man is Tommy Richardson, the fellow who will be master of ceremonies at the testimonial banquet for M. Stiles (Marty) Baldwin at the Penn-Stroud Hotel on the night of Dec. 16?

Like the honored guest of that evening, Richardson is a community leader who has served well and often during his long career.

Tommy is known famously for his duty in the baseball world, having served successfully as president of the Eastern and International professional leagues. His background includes a long tenure with Connie Mack, Mr. Baseball of this century, with whom he served 25 years on the Philadelphia Athletics board of directors.

However, Richardson is a dedicated public servant. For example he raised \$1,500,000 to build the 340-bed Divine Providence Hospital in Williamsport, Pa.

Also the former chairman of the executive committee of

minor league baseball is a past president of the Kiwanis and Chamber of Commerce organizations of the Pennsylvania city.

He has a lot on the ball, this humorous little fellow from the middle of the state. A year ago he was selected "Man of the Year" by the Conference of Christians and Jews.

These are the accomplishments of this man who will be among hundreds to pay tribute to the almost identical accomplishments of Baldwin in the community and sports worlds. But he won't be coming to Stroudsburg the night of Dec. 16 to bore the attendees with his past. His vocation now is self-tagged as "ambassador of sunshine."

A former vaudeville performer, Tommy refused to let the grease paint era leave him. Today he is considered one of the top after-dinner orators in America.

Some of his showmanship was exhibited at General Motors Motorama, leading base-

ball chapters "howls" in major league cities, and testimonials to the great in all walks of life.

Here are a few accolades about the 65-year-old veteran of many parts:

"He's a pro — a hard man to follow" — Buddy Hackett.

"Best story teller in baseball" — Ed Pollock, Philadelphia Evening Bulletin.

"Forty minutes of wit and humor" — Kiwanis International.

"It is a long time since we heard so many favorable comments about a speaker" — Greater Miami Hotel Assn.

It is fitting then that the best was obtained to help salute Marty Baldwin.

It is appropriate, too, that two men will be on the same rostrum with the same vintage — M. Stiles with his background of unselfish duty of civic groups and the world of sports, and Richardson with his community spirit and leadership in professional baseball.

The Pennsylvania Story

## Question Of Succession

By Mason Denison

HARRISBURG — In the week since the assassination of President John Fitzgerald Kennedy, two points have been uppermost in the minds of many on Capitol Hill insofar as Pennsylvania is concerned: (1) gubernatorial line of succession, and (2) gubernatorial "security".

Curiously or in reality, perhaps not so curiously after all, virtually no thought had been given to the two points prior to last week.

Fortunately there is an answer — of sorts — on both counts insofar as the Keystone State is concerned.

On the question of gubernatorial succession — or, what happens should a Governor of Pennsylvania be assassinated: Article IV, Section 13 (what a "number" for this section) of the State Constitution provides explicitly that:

"In case of the death, conviction on impeachment, failure to qualify, resignation, or other disability of the Governor, the powers, duties and emoluments of the office, for the remainder of the term, or

until the disability be removed, shall devolve upon the Lieutenant-Governor.

Thus the question of the "immediate" successor to the Governor is fairly specifically handled — in the office (as might be expected) of the Lieutenant-Governor.

The next question might well be one of: has this "line of succession" ever been invoked?

The answer is "yes" — just once under the present Constitution of 1874. That was in 1947 when then Lieutenant-Governor John C. Bell, Jr., moved into the governorship — from January 2 to January 21 — when outgoing Governor Edward Martin resigned to take his U.S. Senate seat.

Interestingly, the provision for the Lieutenant-Governor to take over the governorship in time of "need" has only been on the statute books since adoption of the State Constitution of 1874. Under the Constitutions of 1790 and 1838 there was no provision for a Lieutenant-Governor!

Under those two older Constitutions, who would succeed

the Governor? The "Speaker of the Senate" — an office no longer existent, by the way.

So much for the Governor and Lieutenant-Governor on the line of succession front — but what happens should the Lieutenant-Governor after becoming Governor, die in office?

Again the State Constitution holds the answer; it shall be the President Pro Tempore of the State Senate. There is no constitutional line of succession laid out beyond the President Pro Tempore.

This is somewhat similar to the setup however on the national level where constitutional provision is made down to the no. 3 in line — the Speaker of the House of Representatives — and thereafter the succession goes through Cabinet officers, not by constitutional decree but by (already authorized) congressional designation.

Likewise, Pennsylvania's own legislative branch has gone beyond the constitutional specification and named one (only one) additional successor (as opposed to the several spelled out on the federal level by Congress). In 1959 the Legislature added the Speaker of the House of Representatives as the next in line after the Senate President Pro Tem. That's it. What would happen if all four were knocked off (as for example by nuclear attack) is quite moot!

The Allen-Scott Report

Robert S. Allen

WASHINGTON — Senator John Williams, who sparked the sensational Robert G. (Bobby) Baker investigation and others equally explosive, is quitting at the end of his current term in January 1965.

The 59-year-old Delaware Republican, whose quiet but dogged probing and exposes have earned him the unofficial title of "conscience of the Senate" and "one-man investigating committee," is telling friends he will not seek a fourth term. He was first elected in 1946.

In confirming this inside word, Williams told this column:

"There is a very strong

probability that I will retire at the end of this term. I have been considering that for some time." He declined to discuss his future plans, but they involve a high private position.

While preparing to wind up his long Senate career, Williams made it clear that he will in no way affect his insistence on an all-out investigation of the business and other activities of "Bobby" Baker. In addition to the considerable information he has already turned over to the probes, Williams will submit new material he has uncovered.

Two other potentially highly explosive cases are being ex-

## Williams To Quit

Dear Abby

## This Could Backfire!

DEAR ABBY: Ever since I've been married, on special occasions like Christmas, my anniversary or birthday, my husband gives me presents I can't brag about. What I mean is, I am glad to get a new refrigerator or stove or washing machine, but do you think household appliances can be considered "gifts"? Please don't think I am unappreciative, but just once I wish my husband would give me some luxury item on a special occasion.

HIS MOTHER

DEAR MOTHER: In a word, yes.

DEAR ABBY: I was engaged to a boy and I caught him stepping out with my best friend, so I broke it off. I missed him something terrible, and he begged me to take him back, so I did. Well, he stepped out on me again with another girl. We were supposed to get married this summer. He said maybe we should wait a while because he thinks there is still some wild life left in him. He is 23 and I am 20. What should I do?

MIXED UP

DEAR MIXED: Believe him. He is trying to tell you that he isn't ready to settle down.

CONFIDENTIAL TO MN: It's a switch when an eight-year-old tells his parents what to do — and he could use one.

DEAR CHEATED: Send me your name and address and blame me if you get a dozen roses for Christmas instead of an electric blanket.

CHEATED

DEAR ABBY: Here is the story: A college man invited his mother to parents' weekend. She drove over 200 miles and arrived Friday afternoon. Her son spent one hour with her, then disappeared with her car for the rest of the day and that entire evening. Saturday morning he spent another hour with her, and then took off again in her car for the rest of that day and evening. In the meantime, the mother wandered around the campus alone, trying to follow

the program planned for the college students with their parents. Was she justified in going to his dormitory, using her duplicate car keys and leaving early Sunday morning without bidding her son goodbye? She left word at the house where she stayed that she had gone home.

DEAR MIXED: Believe him. He is trying to tell you that he isn't ready to settle down.

CONFIDENTIAL TO MN: It's a switch when an eight-year-old tells his parents what to do — and he could use one.

Speaking Of Your Health:

## Swollen Legs Studied

By Lester L. Coleman, M.D.

Swelling of the ankles, the feet and the legs is a sign of great importance to the physician in the diagnosis of a medical ailment. Heart disease, impairment of the liver and kidneys often manifest themselves in chronic swelling of the legs.

Occasionally, swelling in these areas defies exact diagnosis. In an effort to gain additional information about the causes of this condition, a new technique is now being used. This new method is already a gratifying addition to the diagnostic equipment used to establish the condition of the lymph and the lymph gland system, an important bearing on the chronic congestion and swelling of the legs.

The lymph system is sometimes referred to as the "third vascular network." Arteries and veins are the two major networks that supply blood to the legs.

Study Conducted

Dr. L. K. Thompson and Dr. W. G. Anyan, of Duke University, have studied 87 patients who have chronic swelling (edema) of the legs. The doctors used a technique already well established for the study of arteries and veins.

A special dye is painlessly injected into the swollen leg. The distribution of the dye and the pattern it outlines are recorded on X-ray film. These pictures follow the dye as it is carried through the lymph channels to the lymph glands.

Already valuable information has accrued from this study to make possible the pinpointing of the causes of the lymph dysfunction that causes swollen legs.

This method of examination is called a "lymphogram." It rounds out the trio of phlebogram (veins) and arteriogram (arteries) that have contributed such vital information about this condition, and gives the field of diagnosis a powerful new aid to medicine.

A Stitch in Time

Engineering sciences have

generously contributed to many successes in complicated surgery by applying their creativity to the special needs of an operating room.

The duration of many operations has been materially reduced by the mechanical devices invented by these scientists.

Time often becomes an important consideration that determines additional risks during surgery. When, therefore, time can be reduced to a minimum, the chances of success are markedly increased.

Tedious Process

The "sewing time" with conventional stitches has always been a painstaking and tedious process. In recent years, brilliantly conceived stapling devices have been created to replace hand stitching, thus reducing stitching time to a fraction of its former duration.

Blood vessels and their replacements have been stapled with great speed and security. Intestinal walls are rapidly stapled while the delicate tissue is carefully protected.

The tiny staples are made of non-irritating metal with the thinness of ordinary hair.

New Devices

Now, a new automatic stapling device has been created by Dr. Morris J. Levy of the University of Minnesota. It has already been successfully used on the delicate valves of the heart, the bronchial tubes, and on tiny blood vessels.

In appearance it resembles the ordinary household stapler. It can be easily sterilized and has great potential for stapling tissue deep within the body.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere.

Your individual medical problems should be handled by your own doctor. He knows you best.

## Miss Judith Kohn Is Bride Of Dr. David C. Dickinson

Mrs. David C. Dickinson

St. Petersburg, Fla. — Miss Judith Kohn, daughter of Dr. and Mrs. David Kohn, former residents of Mount Pocono, now living at 2681 East Vina Del Mar Blvd., St. Petersburg Beach, was married on Nov. 30 at 2 p.m. to Dr. David C. Dickinson of Syracuse, N.Y.

He is the son of the late Dr. and Mrs. W. Gilford Dickinson of Syracuse.

They were married in the Pasadena Community Church, St. Petersburg. The ceremony was performed by an uncle of the bride, Rev. Milton R. Chester of Portales, New Mexico.

Given in marriage by her father, the bride wore a formal princess style gown of peau taffeta and hand-run Alencon lace embroidered with tiny bridal pearls. The sculptured neckline was outlined with lace, which also cascaded down the bodice into the skirt and on the train. It had elbow sleeves and tiny bridal buttons down the back of the bodice. The sides and back of the domed skirt were folded and went into a chapel train topped at the waistline by an obi sash. Her elbow length bouffant veil of silk illusion fell from a matching Marv Queen of Scots bonnet cap sprinkled with bridal pearls.

She carried a cascade bouquet of phalaenopsis orchids and stephanotis with ivy.

The maid of honor and bridesmaid wore similar gowns of sapphire blue peau taffeta, featuring a ballerina length sheath with a floor-length removable cutaway overskirts folded and bowed in front. They wore matching hats and carried crescent bouquets of blue gladioli.

Robert L. Malder of Gloversville, N. Y., was best man. Ushers were Robert E. Rodormer of Syracuse, N.Y.; Joseph P. Rogers Jr. of New York City; Rudolf W. Graf of Lincoln, Mass.; and Richard D. Kohn of St. Petersburg Beach, Fla.

A reception was held at Port o Call, Terre Verde, Fla.

Leaving for a wedding trip to the Florida Keys, the bride wore a black and white suit with red accessories and a corsage of red sweetheart roses.

They will be at home at 210 Haddonfield Drive, DeWitt, N.Y. A graduate of Stroud Union High School and Wyoming Seminary, the bride is attending Syracuse University, where she is a member of Delta Delta Sorority.

Her husband is a graduate of Hamilton College, N. Y., and the University of Pennsylvania Dental School. He is a member of Psi Upsilon fraternity. He is a dentist, practicing in Syracuse, N. Y.

## Wesley Chapel Dedication Date Set

Stroudsburg — Plans for a dedication for the new Sunday school addition to Wesley Chapel and for the new organ were made at the meeting of the Wesley Chapel Women's Society of Christian Service held Nov. 21 at the home of Mrs. Dorothy Owens, 914 Chipfield Drive.

The dedication service will be held on Dec. 8 at 4 p.m. Rev. Gerald Miller, a former pastor, will join the present minister Rev. Joseph Leggieri for the service which will be followed by a supper. Mrs. James H. N. Canfield Jr., presided at the meeting.

Members turned in their coupons for the "Share - With A Child Fund". While World Banks were being opened, Mrs. Canfield read a story "Has Christmas Become Commercialized?". Only, the story said, if people fail to read in the silver bells, the bayberry candles and the Christmas carols, the true meaning behind them.

Mrs. Barbara Armitage led the devotions and Mrs. Eleanor Rolph was in charge of the program where the Wilmington Community Center work was used to point out the need for such centers in cities and how they help people in need. Mrs. Hazel Walters reported on missionary work.

Mrs. Owens served refreshments to Mrs. Mae Lee, Mrs. Madelyn Feller, Mrs. Romaine Price, Mrs. Iva Frailey, Mrs. Hazel Walters, Mrs. Marjorie Canfield, Mrs. Barbara Armitage, Mrs. Eleanor Rolph and Mrs. Nancy Bonser.

## Miss Emma Peechatka Wed To Charles Searfoss Nov. 9

Mrs. Charles Searfoss

(Patti Studio)

Tannersville — Miss Emma Ruth Peechatka, daughter of Mr. and Mrs. Earl Peechatka, of Tannersville, became the bride on Dec. 9 of David Searfoss, son of Mr. and Mrs. Charles Searfoss, of Blakeslee. The afternoon ceremony took place in St. Paul's Lutheran Church, Tannersville, with the Rev. Charles R. Adami officiating.

Given in marriage by her father, the bride wore a full-length gown of silk, with scoop neckline and long sleeves, lace appliques on the full skirt with chapel train. Her four-tier veil was decorated with a cabbage rose and seed pearls, and she carried a cascade bouquet.

Matron of honor was Mrs. Carol Nevil, sister of the bride, of Stroudsburg RD. 2. The bridesmaids were Miss Ellen Eckley and Miss Linda Blakeslee, of Blakeslee, and Miss Barbara Jackson, of Tannersville.

The matron of honor wore a gold sheath dress with a long overskirt, and a headpiece matching that of the bride. The bridesmaids wore willow green sheath dresses with long overskirts and matching headpieces. All carried cascade bouquets.

The altar was decorated with vases of white mums for the ceremony. Organist was Rodney Waltz, a cousin of the bride. Soloist was Connie Beers Pentz.

Barry Werich, of Pocono Lake, was best man, and serving as ushers were Clyde and David Curtis, of Tannersville, and Ronald Waltz, of Blakeslee.

The bride's mother wore a gown of royal blue, with satin trim and black accessories, and a corsage of yellow roses. The bridegroom's mother wore a gown of winter and gold wool, black accessories, and a yellow rose corsage.

Following the ceremony, a reception for relatives and friends was held at the Tannersville fire hall, which was appropriately decorated. The wedding couple cut a four-tier wedding cake.

For the wedding trip to Niagara Falls and Canada, the bride chose a three-piece wool suit in loden green with white jacket, and a corsage from her bridal bouquet.

The bride is a graduate of the Pocono Mountains Joint Schools. Mr. Searfoss is a graduate of Tobyhanna Twp. high school, Williamsport Technical Institute.

## Changes Listed For '64 Grain Program

STROUDSBURG — Partial participation in the feed grain program will be necessary again in 1964 in order to be eligible for price support on 1964-crop corn, grain sorghum, and barley, Arlington W. Martin, Chairman, Agricultural Stabilization and Conservation County Committee, reminds farmers.

Minimum acreage diversion under the program will be 20 percent of a farm's total feed grain base (for the three grains). Producer sign-up will start February 10, 1964.

The chairman explained that the program for the three grains will be similar to the 1963 Program except for these slight

modifications:

- (1) The top limit on diversion is increased from 40 to 50 percent or 25 acres, whichever is greater;
- (2) In computing diversion and price-support payments, the average yield figures will be based on the 4-year (1959-60) average instead of the 2-year (1959-1960) average;
- (3) The feed grain base of any producer who planted up to 30 acres of wheat for home use under the feed grain exemption during any one of the years 1959, 1960, and 1961 will be increased to the extent the 3-year average of such wheat acreage exceeded 15 acres;
- (4) While the total price sup-

ports for the three grains in 1964 are unchanged from 1963 levels, a slightly larger proportion of the supports will be available as loans, with corresponding decreases in price-support payments;

(5) Payments to any producer are limited to not more than 20 percent of the fair market value of any acreage involved; and

(6) The maximum payment rate will apply to all the acreage diverted where the total diversion on the farm is 40 percent or more of the base.

Present were Mr. and Mrs. Richard Carlton, Mr. and Mrs. Robert Carlton and daughter Cynthia, Mr. and Mrs. John Heller and the Purdy Carsons. Very much present in the thoughts of their families and of their Water Gap friends were Michael Heller and Sandra Carlton absent at college, and William Carlton absent in Uncle Sam's service.

## Trespass Posters Must Be Respected

By JIM SHAFER  
Daily Record Reporter  
STROUDSBURG—NO TRESPASSING.

To many people, this familiar sign posted on other people's property is just a sign and only deals with people other than the person who disregards it.

Many property owners feel they do not want hunters or other people on their land. They do not want them to hunt nor do they want people on their land. This is a property owner's privilege and should be heeded by all.

### Private Property

Most trespassing signs read: "This land is private property. All persons are warned against trespassing thereon for hunting, fishing, trapping, cutting of trees and shrubbery, and for any other purpose whatsoever, under the penalties provided in 'The Penal Code', being the Act of June 24, 1939, P.L. 872, Sec. 954, and its amendments and supplements, viz: ten dollar fine, together with the costs of prosecution, and in default of said fine and costs imprisonment in the county jail for one day of each dollar of fine imposed."

Some property owners have complained that the \$10 fine is too low to deter anyone from invading the posted land. It is a small fraction of the value of the deer which might be shot

by breaking the law. But the \$10 fine remains the law of the state.

### Self-Enforcement

In this county, as well as others in the state, the person posting the sign is the person who must swear out an information to a justice of the peace, who in turn will swear out a warrant for the arrest of the person or persons trespassing on their posted land.

### Following Animal

A check with Game Protector John Spencer of Cresco cleared up the common misunderstanding that if a hunter shot an animal ran into land which is posted, the hunter could enter the posted land to get the dead animal.

Spencer said, "The law is the law and the hunter does not have the right to enter posted land to claim the dead animal." He added, "From what I have seen during my time with the game commission, when this does happen and the hunter goes to the property owner, permission is almost always given to enter the land to claim the dead animal."

Spencer continued, "However, when this occurs on a state preserve the hunter must contact a game protector and the game official enters the preserve and carries out the dead animal."

Several telephone calls were made to people in the various parts of Monroe County to determine why they post their ground.

The general consensus of opinion was that they did not want people on their land. They have found that many hunters have gone through the property and left garbage behind. They also say that many hunters from city areas have no respect for other people's property and some of them are dangerous with guns in the woods.

Another reason given for posting the land was to enable the property owner to become a member in a rod and gun club.

Mrs. Stewart J. Hayes of Saylorsburg reported that hunters park their cars in front of the signs or alongside them to block them and then enter the land.

Mrs. Richard G. Seidof reported that as late as Friday someone had torn down newly posted trespassing signs on her property on R. 115 in McElhaney.

James Marsh, Monroe County district attorney and John Spencer, Monroe County game protector, urged that all persons who post their property try to get information on trespassers and swear out information for their arrest.

## Marine Recruiter Team At ESSC

EAST STROUDSBURG —

The Marine Corps Officer Selection team will be on the campus of East Stroudsburg State College Wednesday and Thursday, Dec. 4 and 5, to interview men and women for the program.

The selection team will be in Shawnee Hall to provide information and conduct interviews.

All Marine officers' training is conducted at Quantico, Va. Qualified seniors who accept the challenge of Marine leadership training will be drafted upon enrollment until they have met the requirements for their degree and graduate.

Upon graduation, they will attend a ten-week training course and then be commissioned.

Women applicants, with extensive background, may be guaranteed initial assignment to the field of their choice.

## VA Income Forms Must Be Filed

WILKES - BARRE — This year's income reporting time began December 1 for 18,639 disabled veterans and the dependents of some 14,170 deceased veterans receiving VA pension in the 32 County area under the jurisdiction of the Wilkes - Barre Regional Office, G. C. Kelly, Acting Manager of the Veterans Administration Regional Office in Wilkes-Barre, Pa., explained today.

Along with their November 30 checks, all VA pension recipients will receive enclosed tabulating cards. They carry the words "please do not mutilate." It is important that these instructions be followed.

On these cards beneficiaries must report all income received during 1963 and that expected in 1964. Income means everything including Social Security payments except, of course, the VA pension payments themselves.

Law requires the VA to use the reports to determine continued eligibility of pensioners and in some cases to make adjustments on the basis of increased or decreased outside income.

Prompt and accurate reporting can prevent any hold-up in pension payments.

## Hunters Asked To Aid Search For Missing Boy

HONESDALE — State Police and the mother of a 12-year-old boy missing in Wayne County woodlands for 19 days yesterday made a special appeal to deer hunters to be on the lookout for the boy.

Dale Curtis, the target of a widespread and prolonged search, has been missing since Nov. 10 from the Edward Reilly Center for retarded children near Hawley.

He is the son of Mr. and Mrs. Donald Curtis of Tunkhannock, north of Scranton.

Sgt. William Ashworth, station commander at Honesdale State Police substation, asked regional hunters to be on the lookout for the boy.

The youngster has been reported seen in several different locations in the Hawley-Cherry Ridge Township area but searchers have not been able to find him.

He wandered away from the children's center and despite intensive investigation has eluded the net.

Bloodhounds were used in an effort to track the boy, and Civil Air Patrol units, volunteer firemen and Civil Defense workers joined in an intensive search over nearly a four-mile area near the center without success.

Searchers decided to abandon the concentrated search when authorities theorized that the presence of so many men, vehicles, authorities and radios might only serve to further frighten the boy deeper into the woods.

At the time of his disappearance, Sgt. Ashworth reported, the Curtis boy was wearing green trousers, blue shirt, blue sneakers and possibly a gray sweatshirt.

He is five feet, six inches tall and weighs about 140 pounds. He has light brown hair and blue eyes.

Today is the opening of buck deer season and thousands of hunters will be in the woods in areas that the boy might possibly be hiding.

Sgt. Ashworth has appealed to all sportsmen to be on the alert for the youngster and if he is spotted they are asked to contact the Honesdale State Police Substation by calling 253-2130.

## People In Spotlight

Sir Winston Churchill celebrated his 89th birthday on Friday and the birthday cake's theme was Sir Winston's honorary citizenship of the United States.

The bakers said the cake was designed long before the assassination of President John F. Kennedy.

"But even if this had not been so," said a spokesman, "we feel sure that at this time, more than ever, Sir Winston would be anxious to stress the strength of his Anglo-American feelings."

Actor Richard Burton and his wife, Sybil, have reached a financial settlement, but no divorce is in the works now, attorney Aaron Frosch said yesterday.

Frosch declined to discuss details of the settlement, which he said was complicated but very fair.

Burton left his wife for screen star Elizabeth Taylor. He and Miss Taylor are in Mexico, where the British actor is making a film.

U.S. Rep. William S. Moorhead, a Democrat from Pitts-

burg, has introduced legislation to authorize the likeness of the late President Kennedy on the \$10 bill.

Kennedy's likeness would replace that of Alexander Hamilton, first secretary of the treasury and the only nonpresident whose likeness appear on any denomination of commonly used paper money.

Moorhead introduced a second bill to provide a likeness of Kennedy on the 50-cent piece which now carries the likeness of a woman representing liberty on one side and a bald eagle on the other.

Mrs. Joseph Kennedy, mother of the slain president, motored to Boston from Cape Cod yesterday to visit her 98-year-old mother, Mrs. John F. Fitzgerald.

The elderly grandmother of assassinated John F. Kennedy, has not been told of his death. She is confined in the Dorchester home of son Thomas.

## Deer Season Opens Statewide Today

STROUDSBURG — Deer Season opens today.

Monroe County Game Protectors John Spencer and John Doebling expect a good number of hunters in the woods today and both feel that the kill of antlered deer will be good.

Spencer said, "The hunter has a snow on the ground and this will help him see the deer. The weather is crisp and that will keep the hunter on the move and in turn will keep the deer moving."

Doebling and Spencer both

said they, along with their deputies, will travel throughout the county to inspect hunting licenses and deer kills.

Road blocks are expected to be placed in various parts of the county throughout the season.

The purpose of the road blocks is to check deer kill.

Neither of the game protectors would say where or when the road blocks would be set up.

The states of Parana, Santa Catarina and Rio Grande do Sul form Brazil's temperate zone. Besides coffee and wood products, the three states produce most of the country's meat, leather, cotton, beans and rice.

## Slate Belt De Molay Chapter Plans Dance

BANGOR — Slate Belt Chapter, Order of DeMolay, met in Masonic Hall, Bangor, on Tuesday evening.

After opening the meeting, Walter C. Emery, master councilor, directed the chapter's standard bearer, Timothy B. Carro, to present the American flag in front of the altar. The members then observed a period of silent tribute to the memory of President John F. Kennedy which concluded with a prayer by James M. Williams, chaplain.

Senior councilor, Ernest Humphreys, Jr., announced that an orchestra has been engaged for the DeMolay dance to be held at the Blue Valley Farm Show Building on December 13. He noted that admission for each member and his date will be a can of food.

Chums of DeMolays and their dates will be admitted by invitation only at a cost of fifty cents each. The canned goods collected will later be distributed to needy families in the

Slate Belt area.

Plans were made for a trip to a professional hockey game at the Hershey Sports Arena on a Saturday in January. It was decided that Chapter funds would be used to pay the cost of members' tickets and that each member would pay for his evening meal. To defray the cost of his bus fare, each boy who wishes to go has been asked to sell five rolls of Christmas wrapping paper provided by the chapter.

Petitions for initiation and membership were received from a number of area boys and will be voted on at a meeting to be held December 26.

In other business, the Chapter heard an invitation to participate in a bowling tournament for DeMolays sponsored by Lehigh Consistory, Allentown.

Also, those interested in a chorus, quilt team, rifle team, and bowling team were asked to see the Advisory Council members in charge of these activities.

Area masons in attendance served refreshments to the boys at the close of the meeting. Refreshments at future meetings will be in charge of the recently formed Mothers' Circle.

Dairies have insisted that the Amish, who spurn the use of electricity, must wire their barns and dairy facilities to comply with local health regulations.

## New Reading Tests Sought For Schools

NEW YORK — Reading tests now used by schools across the nation tend to conceal the widespread reading deficiencies plaguing tens of thousands of school children, the Reading Reform Foundation declared today.

"The test generally conform to a very narrow vocabulary, and thus children may attain a creditable score but yet not be capable of reading texts that a previous generation read with ease," said Watson Washburn, a New York attorney and President of the Foundation.

"For that reason, our Foundation has recently appointed a Committee to prepare new reading tests that will give an accurate indication of the pupils' ability to read and comprehend any library book chosen at random, rather than certain carefully pruned texts with restricted vocabularies."

The Reading Reform Foundation, 36 West 44 Street, New York City, which now has more than 200 prominent educators, writers and civic leaders on its Advisory Council, aims to win wider acceptance of the phonetic, or ABC, method of teaching reading in the primary grades. The Foundation believes that the look-say method, now in use in 80 per cent of the public schools, produces millions of poor readers and illiterates in our country every year.

## Your Horoscope

By FRANCIS DRAKE

Monday, December 2, 1963

March 21 to April 20 (Aries) — It is true that we go forward or backward; we do not stand still. Look at your work sheet, plans, time ideas; do you really want the REAL you? Are your talents properly used?

April 21 to May 21 (Taurus) — Venture forth where a belief is sound and data readily available. In the latter connection, you may have to search more. Curb extremes, tighten up a work system.

May 22 to June 21 (Gemini) — Extra caution in money matters suggested now. There's a tendency to "go overboard" in spending. Handle duties without taking a dim view of common areas. There are always solutions — many!

June 22 to July 22 (Cancer) — Display your talents and handle your obligations in a productive way and you will reap many fine returns. This day has many advantages, benefits.

July 23 to August 22 (Leo) — Present your case in the best manner and, especially, favorably. Now, professional workers, welfare matters, home and family interests. Avoid exaggeration.

August 23 to September 22 (Virgo) — Do not attempt to receive ventures that really never had a chance of succeeding. Do not worry if you have misused the hour. Try another route.

September 23 to October 22 (Libra) — Before making decisions, look things over again. You may see situations in a different light. Control emotions and you will be able to use your skills with sure aim and vision.

October 23 to November 22 (Scorpio) — New offerings should not be cast aside until they have been thoroughly studied. Neither be too quick to accept. Good judgment called for.

November 23 to December 21 (Sagittarius) — Mixed influences. Take precautions not to become wishfully involved in others' affairs or spend unwisely. A surprise is in the making.

December 22 to January 20 (Capricorn) — Under Saturn's aspect, now, aim to lessen tensions, misunderstandings. There's opportunity here to be the kind judge, the affable and successful salesman, the good friend.

January 21 to February 19 (Aquarius) — You may lose initiative if doing something "drab." Look out. This is just when errors occur, and a new opportunity for gain can be lost. Take honest pride in your tasks.

February 20 to March 20 (Pisces) — Floating down is another way of saying you are disinterested, and you probably would not admit that. If you think this day is starting badly, take the initiative and bring it around quickly. It's yours to handle!

YOU BORN TODAY? You like big undertakings, but often dislike the tedious details that go with them. You are a natural organizer; can deliver new work with a vengeance, but usually take your own system, with you. But you must cooperate with others. The true way that permits them a say even the final word at times. Sociability, art and seeing the world hold your interest. You could do well at sports, designing, exploration, journalism.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to send out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message! The letters under the checked figures give you.

## Wilson Eulogizes Kennedy

STROUDSBURG — John R. Wilson gave a brief eulogy on the life and service of President John F. Kennedy at the meeting of the MORA Club Wednesday in the YMCA.

Wilson also led a song session with Ashton Burrows at the piano. Dr. R. A. Barnard, chaplain, was in charge of devotions.

Introduced were Frank W. Bachman and Earl Piper. E. Werkheiser read a poem and message from the Bethlehem MORA Club and J. W. Shaffer discussed the wearing qualities of suits. W. H. Metzger discussed future club plans.

The illness of Claude Scherier was reported and a film on Dutch tropical gardens was shown.

It was announced that a film, "Seasons in Remote Canada," will be shown at the Dec. 4 meeting.

## 2-Car Mishap In Saylorsburg

SAYLORSBURG — No one was injured in a two-car accident on Route 115 in Saylorsburg at 4:35 p.m. Friday.

State Police at Stroudsburg identified the drivers as Charles E. Walter, 69, of Stroudsburg, RD 4, and Gerald R. Tittle, 27, of 167 Lehigh Ave., Wind Gap.

Troopers said Walter was traveling south on the highway without lights and was not seen by Tittle as he started to make a left turn into a private driveway. Damage was estimated at \$1,100 to both vehicles.

## Candidates Told To File Expenses

STROUDSBURG — Monroe County commissioners yesterday urged all candidates in the general election of Nov. to file a statement of expenses and contributions received.

The deadline for filing expense accounts is Thursday, Dec. 5.

Candidates, winners as well as losers, who expended or received more than \$150 must give a tabulated account of all monies.

Candidates who received or disbursed less than \$150 need only file a sworn statement to this effect.

## Monday Ruled Legal Day Off

HARRISBURG (AP) — The State Department of Public Instruction has ruled that school children will not have to make up the time given off Monday for President Kennedy's funeral.

Dr. Charles H. Boehm, department superintendent, said in a statement:

"After consultation with the Department of Justice, I have decided to advise school administrators that this day should be counted a day of instruction."

"I can think of no greater lesson in human inhumanity our children could ever have an opportunity to learn than that which was open to them on this black weekend."

"No formal schooling can ever replace this instruction."

## Falling Limb

### Cuts Power

STROUDSBURG — A falling tree limb blacked out power on Sarah, Thomas, Ninth and Tenth Sts. for about half an hour starting at 5:30 p.m. Friday.

Ralph E. Reppert, district manager for Pennsylvania Power and Light Co., said the falling limb tripped a switch in the 10th St. substation, resulting in the interruption of service.

## So. Wayne Class Visits New York

NEWFOUNDLAND — The Southern Wayne Problems of Democracy Class visited New York City recently, accompanied by Mrs. Roy McLain, Mrs. Robert Smith, Mrs. Frank Urdel and Mr. Fred Schuster. They had visited the United Nations Building and had lunch in Central Park and were headed for Radio City when the news of the death of President Kennedy came.

Their comment was one shared by the nation: "This is a day we'll never forget!"

Christmas shopping at Frederick Duckkloe & Bros., Inc., Portland, is a most enjoyable experience for lovers of fine furnishings . . . and while the Duckkloe fame was spread mainly on their very excellent Early American Reproductions, the showrooms abound in a variety of styles of furniture, including French Provincial and contemporary offerings that look well in any home.

For the man in your life, you'll find a selection of the coziest lounge chairs in your choice of genuine leather or decorator fabrics . . . reproductions of Grandfather Clocks . . . lamps and wall decorations (including original oil paintings) . . . all these items and many more are available for the den or "his corner" of the living room.

For any home, Duckkloe's offer so many items that would be welcomed as a Christmas gift and needless to say, all are in the excellent taste for which the showroom has long been noted.

What woman wouldn't be delighted with a handsome pair of Stiffel Quality Lamps or perhaps a new room of bedroom or dining room furniture?

One of the most pleasant features of Duckkloe Furniture is the fact that you can add pieces from time to time . . . Christmas is a wonderful time to add to your present groupings.

Why not take the time to look over the many items for the home offered at the Frederick Duckkloe & Bros. showrooms in Portland.

## Need Another Bathroom? Contact D. Katz & Sons

If your family consists of more than two people, chances are you've found yourself waiting your turn in the bathroom and getting more impatient by the minute.

Bathroom "jam-up" can be a thing of the past if you do just a little careful planning says D. Katz & Sons, Inc., plumbing and heating contractors.

What's the best place for the extra bathroom? This is one of the first questions that come to mind. If it's primarily an extra family bathroom, it should be near the bedrooms or areas most needing the extra service.

If the existing bathroom will serve the rest of the family comfortably, the new bath can be located near the master bedroom.

Often a little closet will yield sufficient room or a doorway can be cut through a wall of a little sewing room. Often the existing bathroom is unnecessarily large and can be converted into two smaller bathrooms.

Once you've a fair idea where to put it, it's a good idea to consult a qualified plumbing contractor such as D. Katz & Sons. Their years of experience can save you many dollars by proper planning.

You can avail yourself of their services by phoning 421-1464 . . . D. Katz & Sons, Tanite Road, Stroudsburg. They will be happy to show you the latest fashions in tubs, lavatories, commodes and other plumbing fixtures.

END THE POLISHING WORRY!

Save yourself the trouble of frequently polishing your brass fireplace accessories this year, suggests the National Paint, Varnish and Lacquer Association.

Spray the shiny metal with a clear, non-yellowing varnish or lacquer.

EVERY year, thousands of houses are sold to persons who never before owned their own homes. The buyers include newlyweds, those who wait until they have saved enough money to make sizable down payments, those whose expanding families force them to find more spacious quarters and, in some cases, retirement couples who have spent all their married lives in apartments.

There are many solid advantages to owning a home. But one thing a home owner discovers is that he must learn to do certain things himself. He can't call up the superintendent when something goes wrong. In an emergency, he has to make his own decisions on what should be done and sometimes carry it out himself.

It's easy enough to telephone for a repair specialist. But even if money had no bearing on the situation, which it does for most persons, telephoning for aid and getting it in a hurry is another matter. As almost everyone who owns a house can tell you, you can't always get a repair man when you want him, especially if you need him over a weekend.

And it is over a weekend when, sad to relate, so many house troubles have a curious way of occurring.

One way to avoid serious trouble in this area is to learn a little something about your house. If you know the location of the shut-off water valves, for instance, you can prevent a leak from turning into a flood. It's a good idea not only to know which valves handle which water lines, but to mark them with tags so that other members of the family will know, too. If there is a leak, shutting off the proper valve will stop the water from doing further damage and yet not interfere with the movement of water to other parts of the house.

The same thing holds true in the matter of electric fuses. Spare fuses of the proper amperage should always be kept on hand. But the fuse box should be so marked that you know precisely which fuse handles which circuit in the house. Then you won't have to guess or test which fuse to change when the lights in one part of the house go out.

Clogged drains or plumbing lines can be a major headache if they occur at an inopportune time. A first-time home owner is wise to invest in a plunger or "plumber's friend," a snake and some chemical drain cleaner. Sometimes the use of one or all

three of these can bring about indefinite relief when there is a drain stoppage and sometimes there will be temporary relief until a plumber can be obtained.

The main point is that the home owner should realize there will be times when he can not get assistance and when a little knowledge will go a long way. The time to acquire that knowledge is when he first buys the house and not when the emergency occurs.

## Giants Trim Dallas

DALLAS (AP) — Y. A. Tittle set a National Football League record for touchdown passes Sunday in lifting the New York Giants to an uphill 34-27 victory over the Dallas Cowboys.

New York's triumph kept the Giants in a tie for the NFL's Eastern Division lead with the Cleveland Browns, who knocked off the St. Louis Cardinals 24-10 Sunday.

Harried by a terrific pass rush in the first half, when Cornell Green intercepted two of his throws and turned them into touchdowns, Tittle came back to guide the Giants to 20 points in the last half.

His nine-yard shot to Frank Gifford and a 17-yard scoring throw to Del Shofner gave him the career record for touchdown passes. He now has 197 — one more than the record set by Bobby Layne.

The balding 38-year-old Tittle passed New York into position for one touchdown, tossing nine yards to Gifford; his passing set up the third New York touchdown, which he made himself with a one-yard smash; his passing set up a field goal and his scoring throw to Shofner was the payoff.

Jerry Hillebrand scored the first Giant touchdown on a brilliant maneuver, first batting a Don Meredith pass into the air, then grabbing it and stepping into the end zone.

Don Chandler kicked two field goals, one for 53 yards — a Giants' club record.

Don Perkins, who ripped the New York line all afternoon, ran over three Dallas touchdowns. Amos Marsh made the other one.

A crowd of 29,633 fans watched the game played in the Cotton Bowl.

## Steelers, Eagles Tie At 20 To 20

PITTSBURGH (AP) — A 24-yard goal by Lou Michaels with 40 seconds remaining capped a fourth quarter Pittsburgh surge and gave the Steelers a 20-20 tie with Philadelphia Sunday in a wild National Football League game.

The tie, the second between the two teams this season and the third for Pittsburgh, kept the Steelers in the running for the Eastern Division crown. They have won six and lost three.

Michaels' field goal came after Ed Brown had passed the Steelers from their own 21 to the Eagles' 16. There the drive stalled.

## Soccer Tourney Cancelled

FROSTBURG, Md. — The finals and consolation rounds of the NAIA soccer tournament here were cancelled Saturday by bad weather as a three-inch snowfall covered the playing field.

East Stroudsburg State College, defending champs which lost to Castleton, Vt., in the opening round Friday, 2-1, was scheduled to play Trenton, N. J., in the consolation round. Earlham, Ind., and Castleton were to play for the championship Saturday afternoon.

Two ESSC players—center forward Paul Grube and left fullback Gerald Forrester—were selected for the all-tournament team. Castleton's goalie, Leon Orvis, was voted the most valuable player.

## Kentucky Back On Road To Basketball Stardom?

By TED MEIER

The Kentucky Wildcats seem to be on the road back in college basketball after a dismal season a year ago.

Despite the fears of Coach Adolph Rupp that his boys from the bluegrass country were overrated by being voted No. 9 in The Associated Press preseason poll, the Wildcats opened their season impressively Saturday night with a 75-64 victory

over Virginia.

Cotton Nash and Ted Deeken each tallied 28 points in Kentucky's victory at Lexington on the official opening night of the collegiate season.

Minnesota's 76-66 victory over Kansas State was perhaps the only surprise of an action-packed night that saw Cincinnati, Duke, Wichita, Ohio State, Michigan, Oregon State, Toledo and Davidson win.

Cincinnati, No. 3 in the AP poll, crushed George Washington 101-65; Duke, No. 4, wilted Penn State 92-62; Wichita, No. 5, whipped Wyoming 82-67; Ohio State, No. 7, breezed against the Davis of California 68-42; Michigan, No. 8, rolled over Ball State 90-76.

Toledo lived up its dark-horse label by swamping Tulane 96-60 and Davidson, favored to replace West Virginia as champs in the Southern Conference, coasted over Hampden-Sydney 98-52. West Virginia just nipped Furman 67-65 on Ricky Ray's jump shot with one second left.

Defending national champion Chicago Loyola and New York University, rated one-two in the AP poll, open their season this week as does sixth-ranked Arizona State and 10th-ranked Oregon State.

## Bears' Rally Ties Inspired Vikings

CHICAGO (AP) — Bill Wade's eight-yard touchdown pass to Joe Marconi after inspired Minnesota fumbled away apparent victory gave the Chicago Bears a 17-17 tie with the Vikings Sunday to keep the Bears the Western Division leaders in the National Football League.

It was the second successive

17-17 deadlock played by the Bears, who last Sunday tied the Pittsburgh Steelers.

The Bears, nearly an upset victim by the substitute quarterbacking of Ron Vanderkelen, now hold the division lead with a 9-1-2 record, one-half game ahead of runner-up Green Bay with 9-2-1.

First To Pass

Vanderkelen entered the game with only two minutes gone when Viking star Fran Tarkenton was injured and directed the Vikings brilliantly, tossing his first NFL touchdown pass to give Minnesota a 17-3 lead in the second quarter.

Tarkenton did not re-enter the game until the Bears tied it at 17-17 midway in the fourth period on the Wade-to-Marconi scoring shot.

The Bears got the big break of the game when Tommy Mason fumbled and Ross Taylor recovered for the Bears on the Viking 11. Two plays later, Wade found Marconi wide open in the end zone. Rookie Bob Jencks' conversion knotted the score.

The Bears were outbattled most of the way by the team they had beaten 28-7 in Minnesota on Sept. 22. They were held to only 22 yards rushing in the first half and finally got back in the game in the third quarter. Wade capped a 49-yard march with a one-yard touchdown sneak, trimming the Minnesota lead to 17-10.

The Vikings moved ahead 3-0 on Fred Cox's 16-yard field goal in the first quarter. But the Bears tied it in the same period on Roger Leclerc's fielder, also a 16-yarder.

Two Touchdowns In the second period, the Vikings scored two touchdowns. The first came as Vanderkelen guided Minnesota 42 yards and Tom Wilson smashed over from the two.

Vandy, who had previously completed 12 of 16 tosses as Tarkenton's substitute, cut loose with a pass play covering 53 yards with Gordon Smith on the second end.

# Texas Goes Against Pitt Or Navy!

By WILL GRIMSLEY Associated Press Sports Writer Who gets the crack at Texas and its proud No. 1 ranking in the Cotton Bowl—Navy or Pittsburgh?

This is the king-sized question as the college football season moves to a climax this weekend with an abbreviated program headed by the 64th Army-Navy game at Philadelphia and Pitt's battle with Penn State at Pittsburgh.

Line-ups for the Rose, Sugar, Orange and Bluebonnet Bowls were completed with last Saturday's games, leaving the Cotton Bowl at Dallas, the Liberty Bowl at Philadelphia and the Gator Bowl at Jacksonville, Fla., with gaping cavities in the post-season plans.

Here is the bowl picture at a glance:

Rose—Illinois, 7-1-1, vs. Washington, 6-4.

Sugar—Mississippi, 7-0-2, vs. Alabama, 7-2.

Orange—Nebraska, 9-1, vs. Auburn, 9-1.

Cotton—Texas, 10-0, vs. Navy, 8-1, or Pittsburgh, 8-1.

Bluebonnet at Houston, Tex.

day's games, leaving the Cotton Bowl at Dallas, the Liberty Bowl at Philadelphia and the Gator Bowl at Jacksonville, Fla., with gaping cavities in the post-season plans.

Here is the bowl picture at a glance:

Rose—Illinois, 7-1-1, vs. Washington, 6-4.

Sugar—Mississippi, 7-0-2, vs. Alabama, 7-2.

Orange—Nebraska, 9-1, vs. Auburn, 9-1.

Cotton—Texas, 10-0, vs. Navy, 8-1, or Pittsburgh, 8-1.

Bluebonnet at Houston, Tex.

Dec. 21—Louisiana State, 7-3, vs. Baylor, 6-3.

Liberty, Dec. 21—Neither team selected. Syracuse, 8-2, and Georgia Tech, 7-3, are top candidates.

Gator, Dec. 28—North Carolina, 8-2, vs. opponent to be picked. Leading prospects are Mississippi State, 6-2-2; Air Force, 6-3, Syracuse and Georgia Tech.

The Cotton Bowl is delaying until after the Army-Navy and Pitt-Penn State games a decision on an opponent for Texas, the only "major unbeaten-untied

team and potential national champion.

Originally, second-ranked Navy, with the exciting Heisman Trophy winner Roger Staubach at quarterback, was figured a cinch for the assignment, but plans were thrown awry by the assassination of the Commander-in-Chief, President Kennedy, on a Dallas street.

The delicate decision will have to be made by the Pentagon, and may wind up ultimately in the lap of President Lyndon B. Johnson, himself a Texan.

"We haven't even thought about a bowl," said Navy Coach Wayne Hardin Sunday. "We're thinking only of Army. If we don't beat Army, we don't go anywhere."

If it is finally ruled indiscreet or impractical for Navy to play in the Cotton Bowl, the honor of tackling the Longhorns almost certainly will fall to Pitt, a powerful team which has mowed down eight of nine strong opponents, including a 28-0 rout of Army. Pitt's only loss was to Navy, 24-12.

In Rose Bowl

Washington, led by fullback Junior Coffey, won its way into the Rose Bowl at Pasadena, Calif., by beating Washington State 16-0. Southern California's 26-6 triumph over UCLA thus went for naught.

The Huskies are taking one of the most lackluster records in years—six victories and four defeats—against the Big Ten champ, Illinois.

Auburn was tapped for the Orange Bowl opposite Nebraska in Miami after a 10-8 upset largely by a substitute quarterback, Mallon Kent, who led the drive that resulted in a first-period field goal and then passed to Tucker Fredericksen for the winning touchdown. The points were the first scored by Auburn against the Crimson Tide since 1958.

Despite its setback, Alabama went into the Sugar Bowl at New Orleans against the Southeastern Conference champion, Mississippi, which had to kick a fourth period field goal to tie Mississippi State 10-10.

In Gator Bowl

Mississippi State, winner over two bowl teams, Auburn and LSU and loser by a point to a third, Alabama, immediately announced its availability. The Bulldogs would like to play in the Gator Bowl.

The Gator, with North Carolina already picked, is reported interested in the Air Force, facing a Saturday date with Colorado.

Syracuse and Georgia Tech, both with good records, are also in the bowl market and may wind up as foes in the Liberty Bowl at Philadelphia.

Baylor grabbed off the Bluebonnet Bowl spot against LSU by whipping Rice 21-12. Don Trull completed 18 of 33 passes for 187 yards and scored all three Baylor touchdowns.

In the Ivy League, where bowl talk is taboo, Dartmouth gained a tie with Princeton for the Ivy League championship by upsetting the Tigers 22-21. A fumble by star fullback Cosmo Iacavazzi late in the game cost Princeton a chance to win the championship outright since Yale won over Harvard 20-6.

## Browns Top Cards; Still Tied For 1st

ST. LOUIS (AP) — Rejuvenated Frank Ryan and record-breaking Jimmy Brown kept Cleveland in a tie for first place in the Eastern Division of the National Football League Sunday as they led the Browns over St. Louis, 24-10.

The Browns are now tied for first with the New York Giants, who downed the Dallas Cowboys 34-27.

Cleveland, St. Louis and New York entered Sunday's games

with 8-3 records.

One Behind

The Cardinal defeat knocked St. Louis a game back of the pacesetters with two games left.

Brown, who went short yardage for two touchdowns, broke his own single-season rushing record by gaining 179 yards on 29 carries for a season total of 1,677 yards. He needed 30 yards to shatter the mark of 1,527 he set in 1958.

Ryan, benched two weeks ago when the Cardinals beat the Browns, 20-14, rattled the St. Louis defense with his passes for 210 yards. He threw 23 yards to Rich Kreitling for the first score and set up the other two with his long-distance tossing.

The Browns wrapped up the game in the first half as Ryan engineered them to a 21-3 lead. He got them a touchdown the first time they got the ball after Paul Wiggin recovered a fumble by Bill Triplett of the Cardinals on the St. Louis 48. Ryan ran for a first down and then pitched to Kreitling for the score.

Brown Scores

After the Cardinals managed their field goal, Ryan came back with a 49-yarder to Tom Hutchinson to set up Brown's dive for the score.

Ryan got the Browns moving again from their 27 in a march against the clock, helped by his toss to Gary Collins for 33 yards and his own 18-yard run for a first down. Brown scored with 33 seconds left.

Triplett and Joe Childress combined to pick up most of the yardage on a 83-yard scoring drive in the third period.

Childress went over from the eight.

Moments later, the Cardinals blocked a Lou Groza field goal attempt and the tide seemed to be changing as the Cardinals backed Cleveland deep into its own territory.

## Chargers Smash Oilers

SAN DIEGO, Calif. (AP) — The San Diego Chargers utilized a stout defense and an improvising offense to defeat the Houston Oilers 27-0 in a clash between the American Football League leaders Sunday.

The Chargers intercepted three passes and recovered two fumbles in shutting out Oiler quarterback George Blanda for the first time in 45 games and dealing Houston its first shutout since the league's initial year.

The field goal line-up figured heavily in Charger scoring.

San Diego defensive end Earl Faison blocked a Blanda field goal on the Charger 46, and five plays later, fullback Keith Lincoln went 15 yards on a draw play for the game's opening score.

Charger George Blair's first field goal, a 42-yarder, gave the San Diego a 10-0 lead in the second period.

Houston's Bobby Janick lost a fumble on the ensuing kickoff and the Chargers scored after eight bizarre plays covering 35 yards. A pass interference call in the end zone set up Paul Lowe's two yard touchdown run.

The Chargers finished their scoring when Rote tossed a 22-yard scoring pass to flanker back Lance Alworth.

The win left the Chargers 9-2, two games ahead of Oakland in the Western Division.

Houston, 6-5 in the East, fell into a virtual tie with Boston, 6-5-1.

## Weekend Twin Bill In '840'

STROUDSBURG — Cal Counterman won the men's '840 Classic' bowling matches Saturday with a 584 and Louise Hawk's 500 score won the ladies division. The matches had been postponed from last Sunday.

In the regular Sunday matches yesterday, Clarence (Buck) Pipher Jr. scored a resounding win with a 580 total, and Pat Turner's 507 was tops among the women.

# FBI Chief Urges Return To Morality

WASHINGTON — In his monthly admonition to law enforcement officials across the nation, J. Edgar Hoover, director of the Federal Bureau of Investigation, urged officials and Americans to return to the principles on which the nation was founded.

The FBI director's statement follows:

"Are we Americans ashamed to be identified today with decency and morality? Are we forsaking the time-tested principles upon which our great country was founded for a standard, more accommodating code of conduct?"

"There appears to be a preponderance of evidence to indicate a truthful reply to these questions has to be in the affirmative. However, here a true answer is the 'wrong' answer, and it is high time people take a closer look at what is happening to our moral standards.

"Morality is one of the more perplexing and controversial problems facing our Nation. Why? Primarily, it is because of individual and collective moral cowardice on the part of our society. We do not have the courage to stand in conflict with the mad rush for material wealth, indulgence, and so-

**Oswald Autopsy Little Help**  
DALLAS, Tex. (AP) — Lee Harvey Oswald was remarkably healthy physically, the doctor who performed an autopsy on his body said Friday.

Dr. Earl F. Rose, Dallas County medical examiner, said the post-mortem revealed little of the history of the man accused of assassinating President John F. Kennedy.

"A thorough autopsy showed the almost total lack of any abnormal pathology," according to Dr. Rose. "The two things we could determine were, first, that he died from a hemorrhage from a gunshot wound, and that otherwise he was a physically healthy male."

The autopsy report showed no evidence of a brain tumor or any other organic pathology of the brain. There was no evidence of heart damage except for some bleeding, which resulted when he suffered a cardiac arrest shortly before his death on the operating table.

His lungs showed no old scar tissue which would indicate he ever had tuberculosis or any other lung disease. The autopsy showed the fatal bullet entered his left side slightly to the front in the abdomen area causing damage to his spleen, stomach, aorta, vena cava, kidney, liver, both leaves of his diaphragm and smashed the 11th rib coming to rest on his right side.

The aorta is the main artery of the heart, the vena cava is a principal vein.

**Wild Speculation**

By William A. Doyle  
Q. As a small speculator in the stock market, I resent your smug disparagement of the general run of investors. What is it your business if I have a million or a buck? I buy the paper that pays you. What I expect from you is some comment on the market or some comment on a stock that could save me a buck.

I have made money and lost money in the market. But that is strictly my business. If you lost your job, you would be trying the same thing.

A. If I did what you want me to, I would lose my job—fast. If there's one thing I have acquired over the years, it's a healthy respect for the judgment of editors. Just one such try at what you suggest and this column would be bounced right out of the paper.

This column has never been and never will be a "buy this stock, sell that stock" tout sheet. It is intended to inform investors in a sensible way—not hold out the lure of "making a buck."

There's nothing smug about this. Nor does this column disparage investors. It constantly warns them about the dangers of speculating in the stock market. It would be a mistake and a disservice to do anything else.

This approach doesn't appeal to you, Tough!

It is intended for the millions (17 million at last count) of Americans who own stocks as investments and the many, many millions more who want to learn about investments.

I have no objection to you or anyone else speculating in the stock market — or playing the horses, for that matter. That's your business. Good luck.

But this column will never recommend wild speculation to what you call "the general run of investors."

Q. I have been buying shares of a well-known mutual fund for a long time. Unlike some of your readers, I am happy with my invest-

ments. Can I get copies of the missing receipts?

A. You should have no serious trouble getting what you call "receipts." Write to the office to which you sent your monthly checks. That office should send you duplicate confirmation statements.

Honestly "confirmation statements" is the correct term. Such a statement confirms the number of shares you bought, the price you paid, the date you bought, etc.

**HOW TO WRITE A GOOD CLASSIFIED WANT AD**

1-IT'S ALWAYS BEST to start your advertisement with the name of the article or service you have to offer. If you have an apartment or room for rent or property for sale, start your advertisement with the location and city in which it is located.

2-BE CLEAR. Readers respond more quickly and favorably when given complete or definite details. Be sure to include price in ads, whenever possible — it is the consumer's "most wanted" information.

3-MAKE IT EASY for the reader-prospect to reach you. Always insert your telephone number or your name and address. If you do not have regular hours give a preferred time to have prospects contact you.

4-THE GREATEST READER ATTENTION can be secured for your advertisement by using consecutive insertions. Play safe — a 6-day order is best and costs least! You can stop your ad in the event of results and then pay only for the days it is published at the rate earned.

5-PLACE YOURSELF in the reader's position and ask yourself what you would like to know (about your offer). The answer you give will make a good classified Want Ad.

6-WANT ADS THAT FAIL to bring satisfaction do so, not through any lack of readership, but because they are often carelessly worded and do not contain enough information to get prompt action.

7-TO PLACE YOUR AD in the Daily Record simply phone 421-7319 between 8:30 A.M. and 5:00 P.M. Monday through Friday or Saturday 8:30 to 12 noon, and an experienced and courteous ad-writer will help you.
